Trends, Tools and Techniques for Partnering in the New Economy

Labor Relations Professional:

New technologies and business models are changing nearly every sector of our economy. Workers and employers are struggling to keep up and labor unrest is, once again, front page news. At FMCS, we know that good labor-management relationships are the key to solving complex workplace challenges – and that’s why you can’t miss this summer’s National Labor-Management Conference! Share experiences and craft solutions with more than 200 experts. Don’t miss this opportunity to network with colleagues and learn trends, tools and techniques for meeting your 21st century workplace challenges!

Choose from more than 70 workshops, panels, and plenary sessions covering the public, private, and federal sectors, such as:

Partnering for Better Public Service

Mediation Best Practices and Ethics for Lawyers and Other Advocates

Hardwired for Battle: How our Brain Takes Control of Our Behavior and Emotion at the Table...

NLRB Trends in the Future@Work

Recruiting and Retaining the Next Generation of Workers

Bargaining Over Benefits in the Future@Work

Dissecting the Gig Economy: Myths, Realities, and Implications
